**RIVERSIDE FIRE
DEPARTMENT**

FIRE / RESCUE / EMS / HAZMAT

February 2018 Update

Calls for Service:

Medicals - 14
Structure Fire – 2
Vehicle fires – 1
Car accidents - 3
Total calls – 20 calls for Feb.

Training:

Members had monthly training at the Riverside Casino, we toured the entire facility with the head of maintenance for the casino. This was to pre plan the building for any type of call we may respond to there. We also reviewed the different types of fire suppression systems and alarm systems they have and use. We went over elevator operations and how to perform an elevator rescue.

RESA

The pancake breakfast is on Sunday March 25th, the planning for this event is in full swing and members are finalizing donations and getting supplies ordered and bought.

Other News

We had our yearly meeting with the council and township trustee's at city hall. The annual report was presented and we also worked on budget issues. The members serviced all of the vehicles on February 18th this took them about 8 hours to accomplish. They also started on some spring cleaning of the station. The new members have started and are getting gear, pagers and going over department expectations. These new members are excited to serve and we're excited to have them. The department received a bid for the 1983 grass truck for \$5,000 and we feel that it is a fair price for the vehicle that cost \$33,000 in 1983. We hope that this bid is approved for sale to the department that bid on it so we can move forward with replacing that truck with something more reliable and safe.

Subject: HR Audit

Allen,

I understand that since the day we started this audit - many people have come and gone - so I wanted you to understand the project from my perspective. My primary point of contact was your former city clerk.

1. The city hired me to do an audit for years 2006-2011.
2. I was provided boxes and boxes of unorganized documents (thousands of pages) that were reviewed and organized.
3. I created a summary to be presented to the Council - but due to the busy night the council had, I was unable to present my findings that evening.
4. After this meeting, the clerk advised me that the council wanted to extend the scope of the audit to include additional years.
5. I requested the additional documentation from the city clerk, and received a box of new material. (This is the work that was done most recently.) I requested additional information from the clerk, but have not received everything to date. I stopped working on the project, not knowing if the City wanted to continue.

This generic overview brings us to today...Please note that I never recommended a hourly fee for this work - as I prefer to do a set fee per project. That way there are no questions as to what is being done and no surprises for either party.

My primary goal is to get this damn project completed. I have boxes of City of Riverside documentation in my home and my wife wants it gone! I believe, depending on the additional documentation that I need from the City, I have approximately 40-50 hours of work left.

I still prefer to quote a set fee for the remainder of the work - but can do an hourly rate if that is requested. Given the amount of money you have already paid me, I'm open to negotiate an agreement that the City and I can live with.

1. My assumption is that I will continue the project by adding years to the scope of the project. My belief is that the document I prepared for the Council previously is acceptable in scope and detail - and that all they are looking for are additional years to be reviewed and added to the report.

If that is correct, would the Council consider the following?:

2. Pay the past due amount immediately.
3. Pay a monthly set invoice of \$1,500 for April and May.
4. Set a date in May for me to present my final document.
5. By the end of March the City shall provide all the missing documents. That gives me April and part of May to finalize the project. We can set a date for the agenda item immediately so we are all aware of the deadline.

Let me know what you think,

Paul

AMENDED AND RESTATED LEASE AGREEMENT

THIS AGREEMENT is made by and between the City of Riverside, Iowa, a municipal corporation, hereinafter referred to as "City," and John and _____ Sojka, husband and wife, hereinafter referred to as "Tenant."

1. PREMISES AND TERM. The City, in consideration of the rents herein reserved and the agreement and conditions herein contained, on the part of the Tenant, leases to the Tenant and Tenant hereby rents and leases from the City the building, known as the "Riverside Community Building," located at _____ (address) in Riverside, Iowa.

This Lease shall commence on March _____, 2018, and will run on a month-to-month basis until a contemplated sale is completed between the City and Tenant or as otherwise adjudicated by an Iowa court.

2. RENTAL. Tenant agrees to pay the City as rent for the above-referenced term as follows:

(\$ _____ per month).

3. SECURITY DEPOSIT. There shall be no security deposit required as a part of this Lease.

4. POSSESSION. Tenant shall be entitled to possession on the first day of the term of the Lease, and shall yield possession to the City at the time and date of the close of this Lease term, except as herein otherwise expressly provided. Should City be unable to give possession on said date, Tenant's only damages shall be actual damages incurred by Tenant due solely to the delay in possession.

It is understood and agreed that the City has asserted ownership of the above-referenced property, but that a quiet title action will be necessary to ultimately determine the City's ownership rights. In the event that the title to the above-described property is quieted in the City of Riverside, the parties will agree to move forward with a sale of the property to the Tenant in accordance with the terms and conditions of a purchase agreement executed by the parties. If the City is unsuccessful in establishing ownership, the City and the Tenant will abide by the court decision. The Tenant understands and agrees that no cause of action will be asserted against the City based on the City's ownership or possession of the property described herein and the Tenant agrees not to seek any damages from the City as a result of the City's failure to quiet and acquire title in the above-described property.

5. USE OF THE PREMISES. Tenant covenants and agrees during the term of this Lease to use and occupy the Leased Premises only for the purposes permitted in the commercial zoning district or as otherwise approved by the City of Riverside.

6. RIGHT OF REVERSION. Upon the termination of this Lease, all improvements constructed on the Leased Premises shall revert to City, and Tenant shall, thereafter, have no interest therein. The Tenant shall not seek or be entitled to any reimbursement for the improvements the Tenant made to or constructed on the Leased Premises.

7. MAINTENANCE OF CONDITION OF PREMISES. The Leased Premises shall be reasonably maintained by Tenant throughout the term of this Lease, and no waste shall be committed thereon.

8. UTILITIES. All utilities will be paid by Tenant. Utilities include water, sewer, electricity and gas costs, including expenses for heating, cooling and lighting the premises.

9. MECHANIC'S LIENS. Tenant shall ensure that no mechanic's liens are filed against the above-described property during the term of this Lease.

10. SURRENDER OF PREMISES AT END OF TERM. Tenant agrees that upon the termination of this Lease, it will surrender, yield up and deliver the Leased Premises in good and clean condition, except for the effects of ordinary wear and tear and depreciation arising from lapse of time, or damage without fault or liability of Tenant.

11. ASSIGNMENT. Tenant may not assign or sublease any portion of the rights or interest granted under this Lease without the express written permission of the Riverside City Council. Any such assignment shall not relieve the liability of Tenant. Any such assignment shall pass to the assignee all responsibilities of Tenant set forth herein. In the event of such an assignment, the assignee must be required to utilize the above-described real estate for the purposes intended herein. Furthermore, any such assignment must be approved by City, which approval shall not be unreasonably denied or withheld.

12. GOVERNMENTAL LAWS, RULES AND REGULATIONS. Tenant covenants and agrees to comply with all applicable laws, ordinances, rules and regulations of the city, county, state and other governmental authorities regarding the leased premises. Tenant shall hold City harmless therefrom.

13. INSURANCE.

a) City agrees to have in force on the date of occupancy, and to keep in force thereafter for the term of this Lease, fire and extended coverage insurance on the entire premises.

b) Tenant shall maintain general liability insurance naming the City as an additional insured, in an amount not less than \$ _____ . Tenant also shall be responsible for insuring its personal property on the premises.

c) City and Tenant each hereby waive any and all rights of recovery against the other arising from any loss occurring to or at the premises which is covered or required to be covered by insurance pursuant to the provisions of this Lease. All insurance policies required to

be maintained under the provisions of this Lease shall contain an endorsement, to the extent that such endorsements are available, pursuant to which the insurance carrier waives all rights of subrogation.

14. FIRE AND CASUALTY—DAMAGE OR DESTRUCTION OF PREMISES. In the event of damage to or destruction of the Leased Premises, this Lease shall not terminate, and each party agrees to take all reasonable steps to continue operations, and to rebuild the Facility.

15. SIGNS. Tenant shall have the right and privilege of attaching, affixing, painting, or exhibiting signs on the Leased Premises.

16. INDEMNIFICATION. Tenant agrees to indemnify, protect and hold harmless City from any and all costs, loss, damage, liability, expense, and penalties arising from bodily injury or damage to property that may arise or be claimed against City or the Leased Premises by any person or entity for injuries to the person or property or damage of whatever kind or character arising from any neglect or fault of Tenant in the use or occupancy of the leased premises; provided that City will give to Tenant prompt notice, in writing, of any claims communicated to or made against City. If any suit shall be brought against City relating to any matter described in this Lease, such written notice shall be given to Tenant. Tenant agrees to defend any such suit or claim and to pay whatever judgments may be recovered against City, provided that City shall furnish Tenant, on a prompt basis, all notices of any such suit served upon City. City agrees to cooperate with Tenant in the defense thereof.

17. INSPECTIONS. The City upon reasonable notice to Tenant has the right to inspect the Leased Premises at reasonable times for the purpose of insuring that provisions of this Lease are performed by the Tenant. The right of inspection of the Leased Premises shall not be construed to reserve any right to the City for administrative management of the Leased premises during the term of the Lease. Any inspection must respect the privacy rights of the residents, if any.

18. GOVERNING LAW. It is agreed that this Agreement shall be governed by, construed, and enforced in accordance with the laws of the State of Iowa.

19. ENTIRE AGREEMENT. This Agreement shall constitute the entire agreement between the parties and any prior understanding or representation of any kind preceding the date of this Agreement shall not be binding upon either party except to the extent incorporated in this Agreement.

20. MODIFICATION OF AGREEMENT. Any modification of this Agreement or additional obligation assumed by either party in connection with this Agreement shall be binding only if placed in writing and signed by each party or an authorized representative of each party.

21. AMERICAN DISABILITIES ACT COMPLIANCE. Tenant shall be responsible for compliance with the American Disabilities Act (42 U.S.C. §12101, and following). The cost of such compliance shall be paid by Tenant.

22. CONSTRUCTION. Words and phrases herein, including acknowledgment, hereof shall be construed as in the singular or plural number, and as masculine, feminine, or neuter gender, according to the context.

Allen,

Thanks for all the work on this. I spoke to Steve and Harvey at Apex and they would be willing to move ahead if they pay 20% of the subdivision cost assuming we're using the linear footage of 661, and they will buy 3 lots at \$32,000 each providing they can build spec houses and pay for the lots when the ultimate buyer closes on the lot with not interest on them. If this is ok, we should get a development agreement together with your comments and mine together with these modifications. Call anytime if you want to talk about these. Thanks.

Yes, we can meet this week if you'd like. We discussed last night and here's what the City Council is proposing:

They thought 17% participation was too low. They're proposing 25%.
They would expect a minimum of 3 City lots to be purchased at a cost of \$34,000 each.
The City would negotiate and purchase the retention basin property, but would expect the development group to design and build out the area as part of their project.

Let me know when you'd like to get together.

Allen,

Do you want to get together to move this along, or do you have enough to go on. Just let me know where you and the City are with this and we can make a subdivision happen! Thanks for your help.

Allen,

We are ready to craft a developer agreement along the lines we have talked about and that I have listed below:

1. The Cherry Street development cost a total of \$630 per foot including all costs in 2015. That equals a price of \$661 in 2017 dollars, so that's the cost number we are starting with.
2. The City will cost share the improvements on the Northern Heights subdivision with Apex. Apex will pay 17% of the cost and the City will pay 83% of the cost, or \$550.00 per linear foot of road.
3. The City will pave Tupelo and bring sewer and utilities to the edge of the Northern Heights along the alignment of Galileo. The City will also purchase about 2.7 acres of the subject land from John Roetlin and will take control of the detention / retention basin.
4. Apex will be the developer and will annex and zone the land with the aid of the City, but Apex will take the lead.
5. Apex will work with HBK engineers and develop an overall concept for the subdivision and will start construction on phase I of the subdivision. It is anticipated that phase I will contain 14 lots and will have around 700 linear feet of road.
6. The City will reimburse Apex monthly for the % of the subdivision that has been completed which will be confirmed by MMS engineers.
7. Apex may move on to start the development of the next phase of lots as soon as 75% of the homes in the current phase are finished and have a certificate of occupancy.
8. This arrangement will continue until 2023 unless extended by mutual agreement.

Also, Apex is interested in purchasing lots on Cherry Lane. They would purchase them at \$31,000 each and the City would subordinate the lot to the construction loan. Apex would pay for them upon the closing of the home built on the lot without interest.

AGREEMENT FOR UTILITY RELOCATION

This agreement for utility relocation ("Agreement") is made between the CITY of Riverside, Iowa (the "CITY") and Interstate Power and Light Company ("IPL");

WHEREAS, CITY grants IPL the right and franchise to construct, reconstruct, repair, maintain and operate in the CITY and its right-of-ways plants, systems, poles, lines, wires, conduits and other appliances for the transmission and distribution of electric light heat and power pursuant to the terms and conditions set forth therein; and

WHEREAS, CITY has requested (a) the installation of certain underground distribution electric lines on Pioneer Street and (b) removal of existing wood poles (the "Project"), as more specifically set forth in Exhibit A hereby incorporated by reference; and

WHEREAS, the Project will be completed by IPL and in coordination with CITY and CITY's contractors; and

WHEREAS, the above referenced Project is within the CITY R.O.W. and anticipated to be completed within calendar year 2018, unless the parties agree to otherwise in writing.

NOW, THEREFORE, IN CONSIDERATION OF VALUABLE CONSIDERATION RECEIPT OF WHICH IS HEREBY ACKNOWLEDGED, IPL AND CITY AGREE AS FOLLOWS:

- 1. IPL shall install on Pioneer Street (Exhibit A) secondary wire, underground distribution electric and wreck out and dispose of existing poles pursuant to the requirements set forth in Exhibit B.**
2. This agreement is conditioned upon the receipt of all necessary permits and easements by IPL as required to accomplish the Project in a form acceptable to IPL and without conditions that would create undue any additional burden or expense upon IPL or its customers. For permits, easements, approvals or consents to be supplied by the CITY, CITY agrees to bear all costs and expense associated therewith. Furthermore, for permits necessary from the CITY, CITY shall not unreasonably withhold issuance of such permits.
3. CITY agrees to pay IPL the sum specified in Exhibit B to cover the estimated costs and expenses as shown therein. CITY acknowledges that Exhibit B references an estimated cost of the Project and agrees to bear the actual cost of the Project. IPL agrees to keep CITY apprised of any potential overages between the amount estimated and the actual costs.

Upon completion of the Project a final cost figure for the Project shall be made. If the final cost figure is less than the amount included in Exhibit B, IPL shall reimburse CITY for the difference between the final cost figure and the cost estimate included in Exhibit B. If the final cost figure is more than the amount included in Exhibit B, IPL shall invoice CITY for the difference between the final cost figure and the amount included in Exhibit B and CITY shall make payment within thirty (30) days.

This agreement is hereby approved this _____ day of _____, 2018.

Water Operation & Maintenance

- On February 5th around 5 AM the sensor for the water tower froze again. I responded to the water plant and shut down the high service pumps and then proceeded to the water tower to thaw the sensor with a heat gun. Once thawed I placed the high service pumps back online at 6 AM.
- Plowed snow 4 times during the month of February and Eric helped Bryan and Jay remove snow piles.
- Eric and I replaced 4 light ballasts and 12 fluorescent lights in the RO room.
- Eric put new gaskets on 6 of the 8" fittings in the water plant as some of the fittings were starting to drip water during startup of the RO system.
- Eric and I cleaned and washed all RO Skids, floors and chemical rooms.
- I met with J and L Construction to review plans and timeline of the downtown street scape project. They are planning on starting March 19th at the Pioneer St intersection.
- We had a DNR inspection of the water plant on February 16th. We met with Ryan Stouder from Region 6 DNR Office. There were no deficiencies noted. I will include a copy of the report to the council when received.
- There was one locate for February-completed
- We posted ten doors for a disconnect notice and shut off two water services for nonpayment.
- From January 15 through February 15 we pumped 3,728,000 gallons of water to the system, we billed 3,035,000 gallons with a loss of 693,000 gallons. Our water loss is at 18.5%

Wastewater Operation & Maintenance

- I met with Bob Moen from Visu-Sewer to review the 2018 sewer cleaning plan and discuss changing our lift station cleaning plan. We will be cleaning the sewer system on the east side of town this year and will also change the lift station cleaning to the same time as system cleaning. The purpose of the change is to save on travel costs by having both done at the same time, eliminating Visu-sewer from making two trips. Cleaning will take place sometime between August through October.
- Eric and I cleaned and inspected the UV system at the wastewater plant before placing them into the channel. We placed the UV units into the channel and inspected all the UV lamps and controls. All the units look in good working order.

City of Riverside Sign Easement

With rights of first option to purchase.

This agreement made and entered into by and between Dennis M. Walker and Corrine M. Walker, husband & wife of Washington County, Iowa, owner of the real estate described herein, (hereinafter referred to as "Walker," which expression shall include, his, her, or their heirs, agents, successors or assigns), and City of Riverside, Iowa, a Municipal Corporation (hereinafter referred to as "City," which expression shall include their agents, successors or assigns), witnesseth:

It is hereby agreed as follows:

In consideration of the mutual covenants and agreements contained herein and for other valuable consideration, receipt of which is hereby acknowledged, beginning April 1, 2018, Walker hereby grants and conveys to the City a signage easement for the purpose of excavating, constructing, installing, operating, replacing, maintaining and using a City of Riverside welcome sign, together with the right of ingress and egress thereto, for the above purposes. In further consideration of the easement, the City will pay Walker \$300.00 per year due April 1 of each year. The lease will run for 20 years, expiring April 1, 2038. Said easement shall be located on, below, over and across property owned by Walker, more particularly described and depicted in Exhibit A attached hereto and made a part of this easement by reference.

Walker further grants to City:

- 1.) The right of excavating said strip for the full width thereof to such extent as the City may find reasonably necessary;
- 2.) The right to trim and cut down and clear away any and all trees and brush now on said strip and to trim and to cut down and clear away any trees on either side of said strip which now in the opinion of the City may be a hazard to maintenance or may interfere with the exercise of the City's rights hereunder in any manner; provided, however, that all trees which the City is hereby authorized to cut and remove, if valuable for timber or wood, shall continue to be the property of Walker, but all tops, lops, brush and refuse wood shall be burned or removed by the City;
- 3.) The right of ingress to and egress from said strips over and across said lands by means of roads and lanes thereon, if such there be, otherwise, by such route or routes as shall occasion the least practicable damage and inconvenience to Walker; provided that such right of ingress and egress shall not extend to any portion of said lands which is isolated from said strip or any public road or highway now crossing or hereafter crossing said land.
- 4.) The right to mark the location of said strips by suitable markers set in the ground; provided that said markers shall be placed in fences or other locations which will not interfere with any reasonable use Walker shall make of said strips.
 - a.) City shall not fence said strip;
 - b.) City shall promptly reseed any disturbance made by it on said strip and repair any damage it shall do to Walker's private roads or lanes on said lands;

- c.) Walker shall have no right to grant additional easements or sub-easements on, along or across the easement granted to the City.
 - d.) City shall indemnify Walker against any loss and damage which shall be caused by the exercise of said ingress and egress, construction, and maintenance or by any wrongful or negligent act, omission of the City or of its agents or employees in the course of their employment.
- 5) City shall have sole discretion as to the size, materials, color and content of the sign.
 - 6) Walker reserves the right to use said strips for purposes which will not interfere with the City's full enjoyment of the rights hereby granted.
 - 7) Walker does hereby covenant with the City that they are lawfully seized and possessed of the real estate above described, that they have a good and lawful right to convey it or any part thereof.
 - 8) This Agreement shall be binding on and inure to the benefit of their heirs, assigns, and successors of the parties hereto.
 - 9) If, during the term of this Agreement, Walker offers for sale the property described herein, the City shall have the option to purchase the property described herein at the same price as that contained in a bona fide offer to purchase. The City shall have thirty (30) days to exercise said option after its receipt of a written notice from Walker that Walker has received an offer to purchase the property described herein.
