RIVERSIDE FIRE DEPARTMENT

FIRE / RESCUE / EMS / HAZMAT

May 2019 Update

Calls for Service:

- Medicals - 12
- Structure Fire – 1
- Car Accidents – 2
- Tree Fire – 1
- Storm Damage - 1

Total calls – 17 calls for service in May

Members were again very busy this month responding to all types of calls. We had several rounds of severe weather to deal with, thankfully all of the damage and issues were minor.

Training:

Members had training on victim search and rescue, rescuing a downed firefighter and firefighter survival.

RESA

We will begin planning for our fall fundraiser soon, the members are also looking into a possible golf tournament at the casino for a fundraiser.

Other News

We will be looking to do more station improvements after July 1st, one area that will be a priority is painting of the inside. The station meeting room will be used for an open house for new City Administrator candidates. The applications for the 2 new members were dropped off and should be on the next council meeting for approval. These 2 individuals met with RFD members at our May department meeting. They both will be great additions to RFD, one of them has prior fire and EMS experience with another fire department, he also has the required certifications. The other individual is a retired carpenter and served in the military. We currently have 32 members and try to maintain 36.

Kalona officials hear plans for power line upgrades

BY JAMES JENNINGS
The News

KALONA

Later this year, a project to upgrade power transmission lines between Kalona and Riverside will begin.

Kalona City Council members heard an overview of the project at Monday's meeting.

"This will be a complete line rebuild," Cydney Lovell, a representative from ITC Midwest, said. "We'll be converting from 34.5 kilovolts to 69 kilovolts."

In Kalona, the transmission lines will run from the Alliant substation at the intersection of Highways 1 and 22, south along Highway 1, then east on A Avenue to Nutmeg Avenue. From there, the lines will run north along Nutmeg Avenue to Highway 22, where they will

then go east to Riverside.

Lovell said that the lines will replace existing transmission lines along the same route.

"We will use typical wood poles mostly," she said, adding that the poles will be slightly higher than the current poles.

Construction is set to begin in September and last through April 2020.

Lovell said that the project would start in Riverside and move west to Kalona.

"Construction will start in September, but we don't expect to be in Kalona until after the first of the year," she said.

Letters will be sent out to landowners along the transmission line route later this year.

SEE UPGRADES | PAGE 9A

UPGRADES/Continued from Page 1A

"The letters probably won't go out until the end of the year when we're closer to the start of construction," Lovell said.

Over the past year, ITC has also upgraded transmission lines along Highway 1 between Kalona and Frytown.

The projects are part of ITC's plan to upgrade transmission lines throughout the state.

Lovell said that outages have been reduced by 60 since the upgrades began.

KALONA-RIVERSIDE REBUILD

Project Details:

- ❖ Line rebuild
- ❖ Converting from 34.5kV to 69kV
- ❖ Pole size: Majority will be normal round wood poles; on the angles, they will be primarily steel. The Field Supervisor says very few (if any) Lam poles for this project through town.
- ❖ Height of poles will increase to some degree
- ❖ Landowner communication: We will send letters to all impacted land owners closer to the time of construction with a specific timeline and offer to meet with anyone individually to share details.
- ❖ We will continue to accommodate the distribution underbuild
- ❖ Approximate dates of the entire project:
January 2020 – August 2020 (original date was September 2019 – April 2020)

As ITC has rebuilt lines across Iowa, outages have decreased by 60%.

WHEREAS, as a preliminary step to exercising the authority conferred upon Iowa cities by Chapter 403 of the Code of Iowa, the "Urban Renewal Law," a municipality must adopt a resolution finding that one or more slums, blighted or economic development areas exist in the municipality and that the development of such area or areas is necessary in the interest of the public health, safety or welfare of the residents of the municipality; and

WHEREAS, a proposed urban renewal plan (the "Plan") has been prepared for the governance of projects and initiatives to be undertaken in the Urban Renewal Area and which authorizes an initial urban renewal project to be undertaken therein consisting of providing tax increment financing support to Apex Development Group, L.L.C. in connection with the construction of public infrastructure improvements necessary for the development of a residential housing subdivision; and

WHEREAS, notice of a public hearing by the City Council on the question of establishing the Property as an urban renewal area and on the Plan and projects for the Urban Renewal Area was heretofore given in strict compliance with the provisions of Chapter 403 of the Code of Iowa, and the City Council has conducted said hearing on June 3, 2019; and

WHEREAS, the Plan was submitted to and commented on by the Planning and Zoning Commission of the City; and

WHEREAS, copies of the Plan, notice of public hearing and notice of a consultation meeting with respect to the urban renewal plan were mailed to Washington County and the Highland Community School District; the consultation meeting was held on the ____ day of _____, 2019; and responses to any comments or recommendations received following the consultation meeting were made as required by law;
