Good Afternoon Chris,

Thank you for taking the time out for the phone call with me today. I believe I have reflected the numbers we discussed as what can be used to buy down the overall project size borrowing. The 3rd Street project is estimated at \$3,400,000 as I mentioned last week, I believe you could hold a public hearing if you wanted to, but I don't think you should borrow the debt until you have a bid in hand with the inflation still high we want to make sure the City borrows what is needed.

The attached cost of project and cost of issuance outlines a size estimate of \$2,655,000 which I will discuss with Council on March 7. I also provided two debt schedules over 10 yr and 12 yr. If you use casino funds annually for these payments you would be spending between \$250,000-\$300,000 a year of the approximate \$1,200,000 you collect.

I also re-attached the debt capacity sheet we looked at before. This reflects the proposed \$2,655,000 bond issuance this year.

I am sending a separate email for the community center in just a little bit.

Chris,

Attached please find three debt schedules related to the sale of bonds for a Community Center project by the City. We ran these at \$3m, \$4m and \$5m. I will caution the City at the \$5m borrowing which would only leave about \$275,000 of debt capacity which we would consider to low of an amount for any expected costs of borrowing that might come up in the foreseeable future. As mentioned this likely takes a referendum with a 60% super majority passage. The dates on which you can hold special elections are the 2nd Tuesday of September and first Monday of March. You can also use a normal November election date I believe. The City would have to turn the Bond Counsel prepared paperwork into the County for inclusion on a ballot about 50 days prior to those special election dates, per the IA code.

I also included in these schedule a column for existing debt levies so the 12 yr GO street debt is included. In our conversations it is the intent of the City to both pay that street debt and this community center debt with annual casino revenues so I wanted you to see what that amount looks like annually. The City has to decide if they can spend those receipts or if they are restricted or dedicated to something else ongoing annually.

Please review and add to your agenda for Monday March 7, I will plan to discuss these items also. This debt is not reflected on the debt capacity sheet, so any community center borrowing would have to be a deduct from what remains.

Thanks

Subject: Soft Fall Design & Colors for RR Park (210145)
Attachments: RR Park Surface Design, Pages from Media packet 2-22-2022.pdf; PIP Surface Color Chart.pdf

Importance: High

Good Morning Christine,

Apologies for the delay, I went home sick yesterday and completely forgot to provide this information to you before I left.

First, attached are the (2) designs that the City will need to choose from.

Next, attached is the PIP surface color chart. Some of the colors are subject to yellowing due to UV rays and require an additional resin to be added for a fee of ~\$3/sqft. This pricing was not included in the base bid as the surface design and colors were not available at the time of the bid – only that it would be a (5) color pour/design. This resin add-in is not required but recommended due to a tendency to “yellow”.

With that being said, I have UNDERLINED the colors in the chart that require the additional UV protection.

As for color choices, the City can chose any color from the chart (black is a color, just not shown). A couple color combinations we suggest are:

Traditional Star Trek Color Scheme: Black, Brick Red, Ice, Sand & Dust (squared in grey)

Brighter Color Scheme: Black, Brick Red, Evergreen, Autumn Yellow & Rain (squared with black)

Keep in mind the colors of your other playground equipment as well.

Please let us know if you have any other questions or need further information.

City Government

Project Name*

The name of the project is attached to each and every form within your process. This is the "identifier" for the request.

Railroad Park Project

Project Description*

Provide a brief description of the project.

The Riverside City Council made the decision to give Railroad Park a much needed facelift. Park enhancements will involve removal of the current sand surface and replace it with a soft fall surface for the playground, which will include a delta shield in it's design. Two handicap accessible swings and a ten spin will be added, together with increased handicap accessibility with the addition of sidewalks and parking stalls. A walking trail is being added around the perimeter of the park complete with signage to show distance walked, and will be in close proximity to the existing trail and the Senior Village. The current drainage ditch will be turned into a beautiful rain garden to better capture and filter water run off from Hwy 22. As the statue of James T. Kirk is located in Railroad Park, additional sidewalks will be added to allow easier access to the statue. Additional lighting was added last year to the park, and the Delta Shield will be added in the near future once it has been refurbished. The purple martin houses will be moved to another section of the park to allow for more walkability.

General Project Budget*

Application Budget template

Click on the Application Budget template. Open in Excel. Complete with work elements (expenses) and matching funds for your project. The **WCRF Grant Request** column is for the amount of the project that you are asking us to fund. When you fill in the columns, the totals including the percentage of matching funds, will automatically be calculated.

When you have the budget template completed and saved to your computer you can upload it to this application question.

NOTE: Capital expenses include construction or remodeling costs. Equipment expenses include machinery, tools, vehicles and appliances that are likely to remain in use for more than one year. Supplies refers to items which are consumable. The WCRF does not normally fund personnel expenses (except for outside contracted services for specific projects). Personnel expenses include salaries and benefits for employees.

In Kind Contributions

List of "in kind" non-cash contributions, if any. Include **donated** time, labor, materials, etc. Note that these "in kind" contributions should not be included in the matching funds or in the Total Cost of the project.

Partial Grant Consideration*

How will the project be affected if it receives less funding from WCRF or from other anticipated funding sources? For example, will the project be downsized, will the organization increase its own funding to make up the difference, would the project be canceled, would a plan to raise more private donations be implemented, etc?

If the project is not funded, it will still be completed, however, it will require using funds from placed in reserve for another large project, using the reserves will affect how much is completed on the 3rd Street Project.

Matching Funds

Matching Funds*

While not required, matching funds will improve your chance of being funded.

\$308,324.00

Matching Funds - Confirmed*

List the name of the funder and amount confirmed.

Example:

1. ABC Foundation- \$5,000
2. XYZ Bank- \$10,000
3. State Grant - \$2,500

City of Riverside-\$308,324.00

Documentation of Matching Funds*

Please combine all letters confirming the matching funds listed above and upload as one document here.

Railroad Park Improvements Design.pdf

I have attached the concept site plan and engineers plan for your review. As you can see, this project will greatly enhance Railroad Park and provide easier access for all. The park is a focal point entrance to the Riverside community, and will be used on a daily basis for exercise and enjoyment for the young and old alike.

Project Information

Special Interest Areas*

Learn more about our Special Interest Areas here.

Pick your foundation's area of focus. The applicant will select the special interest area that their project addresses.

Examples below.

Human and Social Needs

Special Interest Areas - Explained*

Briefly explain how the project will address the Foundation's interest category you chose.

The Railroad Park fits two categories: Community Development and Beautification, and Human and Social Needs. The main reason the project was designed was to provide greater handicap accessibility to the park and add handicap accessible equipment with a soft fall surface. As the project progressed more sidewalks were added to provide handicap accessibility to all areas of the park including shelters and the James T. Kirk Statue.

Project Start Date*

When will or when did the project begin?

Please Note: **2022 Spring Grant Awards will be announced in May.**

Projected End Date*

Projected end date.

Projects that are awarded a grant will have **12 months** (from date of grant award) **to be completed.**

09/15/2022

Project Goals*

What are you hoping to achieve? List 3-5 goals you have for this project. **List in bullet points or numbers.**

Example:

- To provide playground equipment in our neighborhood
- To provide handicapped children access to safe playground equipment
- To encourage new families to move into our neighborhood

Washington County Impact

Explain how this project will benefit residents of Washington County.

Impact of Funding*

Please tell us the number of persons or participants that will be impacted by your project.

Primary Geographic Area Served*

Which Iowa county is the **Primary County** that will be served by your project. ONE COUNTY ONLY

Additional Geographic Areas Served*

List the additional counties that your project will serve. **Do not re-list the primary county** you listed in the question above.

Other Community Foundations in Iowa*

If your organization is **NOT located in Washington County**, please note that there is a **Community Foundation in your county** that receives over \$130,000 annually in gaming funds through Iowa's County Endowment Fund Program to distribute as grants and build an endowment.
